Using this CatID guide

This guide was created to help you access and understand the online services available to you as a University of Northern Iowa student.

IMPORTANT: Please follow this guide page-by-page.

What is CatID?

Your CatID is the combination of your username and passphrase used to access to the following systems:

- Blackboard
- UNI Email
- MyUNIverse

Having one set of login data reduces the number of username/passphrase combinations required to access UNI systems.

Your CatID username

Your username is the unique 3-8 character account name that identifies you as a member of the UNI community.

Your username was provided via email from the Office of Admissions upon submission of your application. If you don’t have your username, contact the IT Service Desk at 319-273-5555.

Your CatID passphrase

If you are a new user and this is the first time you have taken courses at UNI, your initial passphrase is in the format panthersnnnmmd (nnn is the last 3 numbers of your University ID number, mmm is the first 3 letters of your birth month, and dd is the 2-digit number of your birthday, example: panthers456jan01).

Note: Your 6-digit university ID (UID) number can be found on your UID card or in an email from Continuing and Distance Education. If you have not received your card, please call 800-772-1746.

Former UNI students: If you previously attended UNI and the CatID passphrase calculation does not work, please contact the IT Service Desk to request your passphrase be reset.
