New cohort to begin June 2019

master of arts in education
Early Childhood Education

This program provides educational professionals with the theory and practice to become leaders in the field of Early Childhood Education. Learn different curricula, issues, trends, teaching methods, research and leadership roles.

Program highlights

• Designed for classroom teachers who hold an early childhood teaching license and who are teaching children from birth through third grade.

• Includes courses addressing curriculum issues, literacy, diversity, assessments, full inclusion, research and leadership.

• Delivered on a cohort basis and completed in six consecutive semesters.

Flexible learning for a busy life

Courses are scheduled in eight-week modules via Zoom on Monday evenings during the fall and spring semesters. Some courses are offered online using eLearning, a dynamic platform that will enhance your learning experience and build a sense of community with fellow classmates.
