The study of TESOL provides preparation for helping others to improve their abilities to use English and thereby to function successfully where English is used – whether in K-12 classrooms or in community, business, professional or artistic and cultural settings.

**PROGRAM HIGHLIGHTS**
- Designed primarily for individuals who wish to teach overseas, at community colleges and intensive English programs, and for K-12 teachers wishing to upgrade their skills and employability.
- Offers a direct opportunity for multicultural and international experiences, as well as service to the community.
- Courses are designed using the Quality Matters set of professional standards for course design to facilitate engaging learning experiences for students.
- Offers classes toward an Iowa English as a Second Language endorsement. Students may enroll in the full MA program or the endorsement only.

**FLEXIBLE DELIVERY**
Courses are offered online using the Blackboard learning management system and Zoom video conferencing sessions, held on Thursday evenings. These platforms allow students to enhance their learning experience with face-to-face interaction while building a sense of community with classmates.
